1	<u>REMARKS</u>
2	Reexamination of this application is respectfully requested. This revision to the previously
3	submitted amendment is being presented in response to the Office Action of September 2, 2004
4	which stated that the amendment did not include the status of all claims. Applicant has added the
5	requested information, and has resubmitted only the corrected section of the non-compliant
6	amendment as shown above. Therefore, this application is thus believed to be in condition for
7	review and eventual allowance of all claims remaining herein, and such action is respectfully
8	requested.
9	Respectfully submitted,
